Human Life and the Works of Men's Hands Alike Piled Up on the Altar of the God of Destruction.

Harrowing Details of the Loss of Life and Property—Many Whole Towns Wiped Out of Existence and Whole Districts Laid Waste.

Incidental Damage and Loss of Life in Missouri.

KANSAS CITY, Mo., April 13.—Fierce storms of wind and rain swept over Kansas and Missouri yesterday afternoon and last night doing an incalculable amount of damage and causing the loss of many lives.

In Kansas the town of Parker was laid waste, nearly every house in the place being more or less wrecked, but, contrary to first reports, no lives were lost and few persons were injured.

Near Garnett, the houses of Henry Walter and Henry Dicks were completely demolished, but no one was injured. A large column of dust and debris could be seen for nearly an hour at Garnett.

At Walnut many houses were wrecked and several persons injured. The worst is feared from the surrounding country.

At Muscatine several houses were unroofed, and Mrs. Burns and her baby were badly injured.

In Missouri the storm centers in Lafayette county in the west and St. Louis in the east.

Near Page City six lives were lost. The section house at Stanberry was also visited by disaster. At least two women were killed and many injured, while the losses will amount to thousands of dollars.

Yesterday afternoon about 4 o'clock a terrific storm swept down upon the vicinity of Hixson, Mo. Scared parents ran to the schoolhouses for their children, but learned that they had been sent home by the teachers in order to escape the storm. Then came a fierce wind, which crashed in weak stone fronts and awnings and threw over outhouses and chimneys.

Then it rained and was followed by a severe hail and hail, the latter of which crashed through windows and split the weatherboards of houses. The damage was confined to the breakage of window glass and the overthrowing of out-buildings.

The towns of Willis and Baker were reported to have been destroyed last night, but are not seriously damaged. The only destruction of houses such as is usual to most hard storms.

At Powhattan, Peter Koslinski was struck on the head by a flying timber and knocked senseless for a time.

At Robinson, Owen Polton was killed by lightning while working in the field near the house when the storm broke. Much stock was killed by the storm, but the loss was not serious. Haystacks scattered. The corn has not yet been planted or it would have been drowned out. Fruit trees were broken and twisted, but they had not yet budded, and despite the wreck there is still promise of plenty.

About 5 o'clock yesterday a destructive wind visited the country north of Stanberry, Mo., moving from west to east and doing a great deal of damage in two miles wide and five miles long. Almost every house and barn in its path was torn to pieces. Among those who suffered the loss of all their buildings are: John Briggs, John Burnett, Mr. Swearingen, Mr. Shelton and Mr. Howberger.

Mrs. Ward and an unknown woman were killed and Ward and John Shelton were severely injured. Many of the people saw the storm coming in time to get into their caves and escape injury. The loss will amount to thousands of dollars.

A Terrible Wind-Storm. HIGGINSVILLE, Mo., April 13.—This country was visited Tuesday night about 7 o'clock by a terrible wind storm, which swept everything before it from the southwest portion of the county to the northeast line, leaving the country by crossing the Missouri river at Waverly. Near Page City six deaths have so far been reported.

WILLIAMS, Walker, a prosperous young farmer, was at the supper table with his wife and three children, when his brick house was blown over, completely burying him and all the children. His wife extricated herself, and with great difficulty released him. They were unable to rescue two of the children, who were smothered in the debris. The third is fearfully mangled.

J. W. Hutchinson, an aged farmer in the same neighborhood, suffered the loss of his wife and the complete demolition of his house, and was badly crippled.

Mrs. R. H. Lake and brother were killed outright and their barns terribly wrecked.

Further on Capt. Todhunter's barns were demolished and a small negro girl killed on his way.

These astonishing reports and rumors about deaths at Dover and Waverly, but nothing authentic can be secured.

In the path of the storm between Mayview and Lexington eight persons were killed outright and three more will probably die from their wounds, and twenty-five were mangled. Those killed outside were Mrs. Mary Lake and two brothers, two children of William Walker, Hugh McElroy, Mrs. A. H. Kelly and Joe Bruggen. Mrs. John Bruggen is reported dead, but no definite information is obtainable.

The fatally injured are: Mrs. Williams, Walker, a prosperous young farmer, was at the supper table with his wife and three children, when his brick house was blown over, completely burying him and all the children. ## RIOTS IN BELGIUM.

Wanton Damages Perpetrated by Discontented Miners.

### ATTACKS ON NON-STRIKING WORKMEN.

Excited Crowds Surrounded the Palais de la Nation and Rained the Cry of a "Universal Suffrage"—Bloody Fight with the Guards.

The Labor Riots in Belgium. BRUSSELS, April 13.—Three hundred miners engaged in the strike yesterday perpetrated wanton damage on the Quai de la Nation in the province of Hainaut. The strikers made an attack upon the sheds about the mouth of a canal and smashed every window in them. There were many men working in the pit who had refused to join the strikers, and the mob's efforts were directed against them as much as against the owners of the pit. All sorts of rubbish was thrown into the shaft, the intention of the strikers being to impede the men in the mine. Before the officers arrived at the pit considerable damage had been done. The general damages ordered the rioters to disperse, and upon their refusal to do so attacked them with the flat sides of their swords. The rioters finally dispersed. Further trouble from the strikers is apprehended, and a watch is kept upon all their actions. Great feeling is shown among the labor leaders. All their efforts are directed to bringing about an enormous demonstration against the chamber of deputies for refusing to adopt the bill to establish universal suffrage. The bill was rejected by the chamber despite the fact that the government supported the proposal made by Deputy Dehaene, that suffrage should be regulated according to the amount of rent paid by men of voting age.

Excited crowds surrounded the Palais de la Nation yesterday during the session of the deputies. A cry of universal suffrage was raised by the mob, and an attack was made on the guards surrounding the parliamentary building. In the charge of the guards many rioters were cut or trampled. Several guards were injured by stones.

Repeated disturbances followed during the afternoon and a great many arrests were made. Striking coal miners closed all day at Ouesme, province of Hainaut.

Men attacked the buildings near the pit's mouth shortly after noon, drove off the guards and demolished all the machinery, houses and shops.

personal violence, from those who represent  
the other half of the promise which  
are not kept.

Six out of the seven kind-over-older  
men are Republicans. Next Tuesday  
enough Republicans will be elected to  
maintain their majority in the city council.  
Mayor: How could a Democratic mayor  
keep his promise without the aid of the  
majority in the council?

It is very noticeable that there are  
people, who, all their lives have had the  
gospel all about them and yet have never  
accepted it; but who accept and gulp  
down a half-told campaign lie of a religious  
character with as much avidity as a  
robust store on angle-worm in its own.

It was at first reported that the Dem-  
ocratic senators would favor the invest-  
igation of Joseph the bank embezzler, and  
to the senate from North Dakota; but it  
now seems that every Democratic sena-  
tor, without exception, is willing that  
Joseph shall remain in the senate as long  
as he votes with them, regardless of his  
character.

When in Washington a few days ago,  
Governor McKinley called on President  
McKinley. The president expressed his  
sympathy with the governor in his recent  
financial misfortune. This was much  
more pleasant to McKinley's character  
which appeared in some papers at the  
time.

But what would the people do should  
the Republicans candidate for mayor get  
carried enough to die on it? They  
ought to go right along and elect David  
McKillop—Decatur Review.

No, they would elect some other good  
man, and elect him for the reason that  
past experience has taught them that in  
case the Democratic candidate for mayor  
were elected he would be liable to "get  
carried," leave the council room and re-  
fuse to act, and then the people would  
neither have a mayor nor the power to  
elect one. Two years would be a long  
time for a city of 20,000 people to worry  
through with a condition of that kind.

Down Them at the Polls.  
The Review attempts to defend itself  
against the charge that it dragged religion  
into this city campaign by grabbing the  
own statement by which it did it. It  
now says:

Some days ago the Review informed its  
readers that the reports circulated by  
Republican campaigners that Charles  
Montgomery was an A. F. A., was a com-  
mon lie. The Review cites this state-  
ment as evidence that the Review dragged  
religion into the city campaign.

The Review ought to know by experience  
that it is very naughty to lie and it is  
just as naughty to only tell half the  
truth, when it is done for the purpose of  
deception. What the Republicans quoted  
from the Review or evidence that the  
paper dragged religion into the city  
campaign was the following:

Some Republican campaigners are cir-  
culating the report that Charles Mont-  
gomery is a member of the A. F. A. That  
is a lie in common. Charles Mont-  
gomery is a good Democrat, and such a  
man is never one of narrow bigotry.  
The story will be a disreputable piece of  
calumnies, and it is a disgrace to the  
Review that it should have been so care-  
less. Whatever they do, let them  
understand that the lie has not a par-  
ticle of truth in it.

This is what the Prairie street organ  
said and this is what establishes its guilt,  
and it ought to have more courage than  
to try to establish an alibi by telling only  
half the truth.

Aside from this feature of the case,  
that paper knows that no Republican  
campaigners have done any such thing.  
The facts are that the Democratic cam-  
paigners are the ones who are trying to  
create a prejudice against Lew Skelley  
by holding him up to certain people as a  
Catholic in the hope of securing his  
defeat. These campaigners are doing  
the same as to some other candidates on  
the Republican ticket who are not Cath-  
olic.

These campaigners have been  
thoroughly convicted of falsehood as to  
M. F. Kansas. That the leaders of the  
Democratic party, that has made such  
remarkable professions of friendship for  
a church, should turn around and at-  
tempt to create prejudice against Repub-  
lican candidates by privately reporting  
them as members of the church, is re-  
markable. It is a disreputable piece of  
business which no one would resort to  
except those who do not hesitate to cre-  
ate any degree of religious discord in a  
community, if they can thereby elect  
their fellows to office.

Church membership in this country is  
not a secret matter. No man, whether  
he is a Catholic or a member of a Protes-  
tant church needs to hide this fact. Lew  
Skelley is a member of the Catholic  
church. He was born a Catholic and he  
makes no attempt to conceal these facts,  
nor does he make a public parade of the  
matter. M. F. Kansas is not a member  
of the Catholic church nor is he a mem-  
ber of any other church. This fact Mr.  
Kansas makes no effort to conceal, nor  
on the other hand, does he make a busi-  
ness of publishing it.

Lew Skelley's church membership is  
his own private business. M. F. Kansas's  
non-church membership is his own pri-  
vate business. Neither of them men were  
dominated because of their church rela-  
tions, but because they are both emi-  
nently qualified for the offices for which  
they are now candidates, and it is about  
time these hired campaign delegates  
who are going about this city trying to  
create a prejudice against Lew Skelley  
on account of his church affiliation and  
with the same object in view are report-  
ing that Mr. Kansas is a member of the  
Catholic church were notified that this  
was a stop.

Such methods are necessary  
to elect the Democratic city ticket the  
best thing the people of this com-  
munity can do is to turn out next Tues-  
day and show it under no deep that no  
other effort will ever again be made by  
such poisonous politicians to elect a ticket  
by such means.

There was a time in the history of the  
American colonies over two hundred  
years ago, when laws were passed to  
the support of the gospel; when acts of  
obedience to magistrates were required;  
when libelous as public worship was  
prohibited by law and some but church

members were eligible to office of trust.  
It was against such conditions that  
Roger Williams protested. When [dis-  
posed from the ministry, because he  
made bold to declare that politics and  
religion should be divorced, and was  
subsequently arraigned, he told the court  
that a test of church membership in a  
revolver or a public office was as ridiculous  
as the selection of a director of physics or  
the pilot of a ship on account of his skill  
in theology.

For these views Roger Williams was  
banished from that civilization; but the  
seed he sowed took root, and a hundred  
years later was harvested and gathered  
in the Declaration of Independence, and  
finally the constitution of this grand gov-  
ernment which divorces church and state.

But the designing mountebank who  
is trying hard to drag religion into the  
city campaign by drumming up religious  
prejudices in the interest of the election  
of one man to the mayoralty and another  
to the city clerkship, in the light of the  
civilization of the nineteenth century,  
would turn the dial back again two  
hundred years to the days of the patri-  
otism of Roger Williams. Every patri-  
otic citizen, regardless of party, should  
stamp out such methods as speedily as  
they would stamp out the effort of a  
Protestant or Catholic church should  
elect, attempt to dictate the politics of  
this city.

see to it that those candidates who can  
not stand upon their own merits, and  
who, to secure an election, go to the hand  
of neighbor against neighbor and citizen  
against citizen, are defeated at the polls.
